COMPUTER SCIENCE AND ENGINEERING

The program is dedicated to advancing education and research in the Computer Science and Engineering field through partnerships with industries. Research is actively conducted in areas including Distributed Computing, Service-Oriented Architecture, Networking, Computer Technologies, Programming Languages, Database Management, Software Engineering, Operating Systems, Image Processing, Information Retrieval, Storage Management, Data Warehousing and Mining, Big Data Analytics, Cloud Computing, and Computational Intelligence.

Students and faculty are also given excellent opportunities to join various professional organizations such as IEEE and CSI. The program is supported by well-equipped laboratories and a comprehensive library filled with the latest and highest quality books, journals, and magazines.

Additionally, the program encourages students to engage in research, which makes them highly desirable to leading IT firms in India. It has developed into a competitive program focused on students, designed to significantly enhance the learning experience through lab sessions, assignments, training, seminars, projects, and independent studies. One of the program's greatest strengths is the strong sense of loyalty that our alumni feel toward it.

GNANAMANI EDUCATIONAL INSTITUTIONS

Gnyanamani Educational Institutions that have carved a niche for itself in the field of engineering education within a very short span of time. Gnanamani College of Technology which was established in the year 2006, the group comprises of Gnanamani College of Education, established in the year 2005.

Gnanodaya CBSE International School was established in the year 2015. These Institutions serve under the aegis of The Christian Educational Development Trust.

Gnyanamani Educational Institutions were established in a well-planned campus with a green environment. The Colleges are spread on a sprawling 60 acres of serene land. The Colleges are easily accessible from all major cities by road and railway networks.

These Institutions have emerged as a pioneer venture in the field of Technical Education. Dr.T.Arangannal – a Rashtria Vidhya Saraswathi Puraskar Awardee is the Chairman and Mrs.P.Malaleena is the Chairperson of the Educational Institutions.

GNANAMANI COLLEGE OF TECHNOLOGY

Gnanamani College of Technology is a leading Institution with state-of-the-art facility. The college is affiliated to Anna University and Autonomous approved by AICTE.

The institution is rendering noble service to the youths in rural and urban areas.

The college is accredited by the NAAC and NBA (CSE, ECE, EEE, and Mechanical). The college has grown in a short span of 17 years with 12 UG Courses namely Agricultural, Artificial Intelligence and Data Science, Bio-Medical, Biotechnology, Chemical, Computer Science, Electrical and Electronics, Electronics and Communication, Food Technology, Mechanical, Information Technology and Pharmaceutical Technology.

The Institute also offers 9 PG courses in Computer Science, Construction Engineering and Management, Environmental Engineering, Embedded System Technology, Power Electronics and Drives, Industrial Engineering, VLSI Design, BME, MBA and MCA.

INSTITUTE VISION

Emerging as a technical institution of high standard and excellence to produce quality Engineers, Researchers, Administrators and Entrepreneurs with ethical and moral values to contribute the sustainable development of the society.

INSTITUTE MISSION

We facilitate our students

- To have in-depth domain knowledge with analytical and practical skills in cutting edge technologies by imparting quality technical education.
- To be industry ready and multi-skilled personalities to transfer technology to industries and rural areas by creating interests among students in Research and Development and Entrepreneurship.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

The Computer Science and Engineering Department was established in the year 2006 with an intake of 60 students and increased to 180 students. The Department equipped with well qualified and experienced faculty members. The Department has good laboratory facilities with latest and updated versions of the software and 24 hours Wi-Fi enabled Internet facility. The Department conducts periodic workshops, seminars, symposiums and conferences to help the students, research scholars and corporate world to unite in a common place and thereby strengthen the Industry Institution fusion. The Department has a very good placement record and our students have got placed in leading companies like TCS, WIPRO, Tech Mahindra, CTS, IBM, HCL Info systems, etc.

All the laboratories are well equipped with excellent infrastructure and state of the art equipment to explore the technological challenges and to impart the research oriented practices in the field of Computer Science.

VISION

To evolve as a Centre of Excellence to produce the most competent software professionals, researchers, entrepreneurs and academicians with ethical keys in Computer Science and Engineering.

MISSION

- Imparting quality education through latest technologies to prepare Students as software developer and system analyst.
- Inculcating the technological transformations for the sustainable development of society.
- Promoting excellence towards higher education, research, employability and entrepreneurship.

PROGRAM EDUCATIONAL OBJECTIVES

Graduates of Computer Science and Engineering will

- **PEO-1:** Be capable of design by applying the concepts of science, mathematics, engineering fundamentals and computing for the rapid change of society requirements.
- **PEO-2:** Demonstrate ethical keys, effective communication and team skills in their profession and adapt to current trends through lifelong learning.
- **PEO-3:** Be expert in profession, higher education, research and entrepreneurship.

PROGRAM SPECIFIC OUTCOMES

Graduates of the program will be able to

- **PSO-1:** Understand, analyze and develop computer applications in data Mining/ Analytics, Cloud Computing, Networking, Security, etc. to meet the requirements of industry and society.
- **PSO-2:** Enrich the ability to design and develop software and qualify for Employment, Higher studies and Research.

PROGRAM OUTCOMES

Engineering knowledge:

Apply the knowledge of mathematics, science, engineering fundamentals and an engineering specialization to the solution of complex engineering problems

Problem analysis:

Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences and engineering sciences.

Design/development of solutions:

Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal and environmental considerations.

Conduct investigations of complex problems:

Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data and synthesis of the information to provide valid conclusions.

Modern tool usage:

Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.

The engineer and society:

Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

Environment and sustainability:

Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

Ethics:

Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

A Individual and team work:

Function effectively as an individual and as a member or leader in diverse teams, and in multidisciplinary settings.

Communication:

Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

Project management and finance:

Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

Life-long learning:

Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PROGRAM ORGANIZED BY OUR DEPARTMENT

The Department of Computer Science and Engineering has organized an Alumni Talk Series on "Vulnerability Management - Cyber Security" on 21.08.2023.

The Department of Computer Science and Engineering in association with IIC and EDC have organized "Startup competition on 24.08.2023 & 2.08.2023

Department of Computer Science and Engineering in association with IIC have organized a workshop on "Innovation and Research Aspects by using ML Algorithms" on 28.08.2023.

CSE

The Department of Computer Science and Engineering has organized a seminar on "IT Career Guidance for Better Jobs in India and Abroad" on 07.09.2023.

The Department of Computer Science and Engineering in association with IIC, EDC and Women Empowerment Cell have organized a webinar on "Entrepreneurship and Resilience: How women can overcome challenges in business and as a professional" on 21.09.2023.

The Department of Computer Science and Engineering, in collaboration with IIC, organized a seminar titled "BLOCKCHAIN AND BEYOND: INNOVATION REDEFINING INDUSTRIES" on 30.09. 2023. The chief guest for the event was Mr. A. MOHAMMAD AZARUDDIN from LIVEWIRE, Namakkal, Tamil Nadu.

CSE

Mr. R.M. Selvakumar from CONNECT INFOSYSTEMS, Chennai, Tamil Nadu, attended the event, and Dr. R. Umamaheswari, Head of the Department, honored the gathering. The Department of Computer Science and Engineering, in collaboration with IIC, conducted a workshop titled "Innovative Hardware Technology and Guidance Towards Becoming an Entrepreneur" on October 6 and 9, 2023.

The Association for Computer Science and Engineering (CSE), Artificial Intelligence and Data Science (AI&DS), and Information Technology (IT) on 16.10. 2023. Following this milestone, a one-day seminar titled "Ensuring Quality and Secure Code" was held at Michael Faraday Hall. The distinguished guest speaker for the event was Dr. Rajasekar Velswamy, Associate Professor of Computer Science and Engineering at SRM University, Chennai.

Department of Computer Science and Engineering, Artificial Intelligence and Data Science & Information Technology have jointly organized a National Level Technical Symposium "GNAN WHIZKID-2K23" on 27.10.2023. The Chief Guest was Mr. NANDHAKUMAR VADIVEL, Sales Director (Cyber Security), HCL Technologies, Chennai.

Department of Computer Science and Engineering in association with the IIC conducted the "Idea Competition" on 27.11.2023 & 28.11.2023. Young entrepreneurs with new ideas presented the next level of suggestions for their future entrepreneurship.

6	Mr.K.Venkatesan	21st & 22nd Sep 2023	Deep Learning based facial Resogition system for hostel Attendance Management	International Conference on Engineering and Technology,	Selvam College of Technology
7	Ms.K.Hemalatha	21st & 22nd Sep 2023	Creation of HTML base online Zoo information Portal	International Conference on Engineering and Technology,	Selvam College of Technology
8	S.Karthickkumar	21st & 22nd Sep 2023	Design And Implementation Of Lung Cancer Detection Using Machine Learning	International Conference on Engineering and Technology,	Selvam College of Technology
9	Dr.R.Umamaheswari	21st & 22nd Sep 2023	Comparative Analysis Of Unstructured Document Classification By Using Machine Learning Algorithms	International Conference on Engineering and Technology,	Selvam College of Technology

10	Mrs.G.Kowsalaya	21st & 22nd Sep 2023	Intelligence robots for flower harvesting	International Conference on Engineering and Technology,	Selvam College of Technology
11	Mrs.A.Sangeetha	21st & 22nd Sep 2023	Sales Forecasting In Supermarket With Concepts Of Busniess Intelligence	International Conference on Engineering and Technology,	Selvam College of Technology
12	Mr.K.Venkatesan	21st & 22nd Sep 2023	Hostel Attendance Management System Using face Recognition In Deep Learning	International Conference on Engineering and Technology,	Selvam College of Technology
13	Mr. R.Krishnakumar	21st & 22nd Sep 2023	Text To Speech Converter Application For Using Android	International Conference on Engineering and Technology,	Selvam College of Technology
14	Mrs.A.Sangeetha	21st & 22nd Sep 2023	Fake Product Review Detection And Classification Based On Ip Address	International Conference on Engineering and Technology,	Selvam College of Technology
15	Dr.R.Umamaheswar i	21st & 22nd Sep 2023	Dynamic Collage Web Portal System	International Conference on Engineering and Technology,	Selvam College of Technology
16	Mr.M.S.Sabari	21st & 22nd Sep 2023	E_Campusplus Using Mit App Inventor	International Conference on Engineering and Technology,	Selvam College of Technology
17	Mrs.G.Kowsalaya	21st & 22nd Sep 2023	Reckoningsystem	International Conference on Engineering and Technology,	Selvam College of Technology
18	Mr.K.Vijayprabakar an	21st & 22nd Sep 2023	Social Media Platform Data	International Conference on Engineering and Technology,	Selvam College of Technology
19	Mr.K.Vijayprabakar an	29th & 30th Nov 2023	A Survey on Routing Protocols and IOT in Wireless Sensor Networks	International Conference on Transforming Engineering Systems for Sustainability	Hindusthan College of Engineering and Technology

EMPOWERING MINDS TO INNOVATE, ENGINEER & TRANSFORM THE DIGITAL WORLD
